Company Brief

Established in 2003, Ridgepole Enterprises Ltd. is a 100% local private limited company and is a leading multi-industry provider with an outstanding reputation for product outsourcing, service, and customer relations.

We take pride of serving major government of Kenya's institutions, departments, agencies and non-governmental organizations especially those occupied with relief work and supplies.

Our motto is to focus all efforts to consistently deliver quality and service which exceeds the toughest demands and scheduling. We do this by employing tactical business outsourcing models, ROIs and best practices.

From the beginning, our company has provided direct benefit to our clients through competitive pricing, scalable capabilities, and building quality partnerships. Through our widely recognizable strengths, Ridgepole maintains the technical expertise, professionalism, and financial capacity to succeed on the largest and deemed most mission-critical requirements.

Mission Statement:

To fully utilize our knowledge, creativity and collaboration to build relationships that create sustainable growth and profit for our company and partners in the ever changing global market place
